Re: City of Highland Annual CPI Rate Adjustment

In accordance with the terms of the Solid Waste Collection and Disposal Services Agreement between the City of Highland and Waste Connections we convey this rate adjustment to become effective December 1, 2021.

Section 10 A specifies that a CPI rate adjustment is to be implemented according to the Bureau of Labor Statistics, resulting in an increase of 3.0% for services rendered by Waste Connections

Base rate is currently at \$15.07 per residence per month  
New Rate per residence will be \$15.52 per residence per month.

We appreciate the opportunity to serve The City of Highland and look forward to our continued partnership.

Respectfully,

Wayne Bennett  
Site Manager
